From gang- and drug-related shootings to mass

shootings in schools, shopping centers, and movie theatres, reports of gun crimes fill the headlines of newspapers and nightly news programs. At the same time, a different kind of headline has captured public attention: a steady surge in pro-gun sentiment among Americans. In *Citizen-Protectors*, Jennifer Carlson offers a compelling portrait of gun carriers, shedding light on Americans' complex relationship with guns. Delving headlong into the world of guns, Carlson participated in firearms training classes, attending pro-gun events, and carried a firearm herself. Through these experiences, she explores the role guns play in the lives of Americans who carry them and shows how, against a backdrop of economic insecurity and social instability, gun carrying becomes a means of being a good citizen. A much-needed counterpoint to the rhetorical battles over gun control, *Citizen-Protectors* is a captivating and revealing look at gun culture in America, and a must-read for anyone with a stake in this heated debate.

Shooters Abigail A. Kohn 2004-06-10

Frequenting gun shops and shooting ranges, and

devoting particular attention to those whose interest in weaponry extends beyond the casual, Abigail A. Kohn captures in finegrained and often entertaining, yet always humane, detail how gun owners actually think and feel about their guns. Through her conversations--with cowboy action shooters at a regional match, sport shooters, hunters, with shooters of all ages and races--we hear of the "savage beauty" of a beautifully crafted long gun, of the powerful historical import owners attach to their guns, of the sense of empowerment that comes with shooting skill, and the visceral thrill of discharging a dangerous weapon. Cutting through the cliches that link gun ownership with violent, criminal subcultures and portray shooters as "gun nuts" or potential terrorists, Kohn provides us with a lively and untainted portrait of American gun enthusiasts.

*Dunblane* Mick North 2011-11-18 Mick North's daughter Sophie was one of the children killed in the massacre at Dunblane Primary School.

*Dunblane: Never Forget* is a personal account of Mick's life before and after the massacre and includes a critical assesement of the events that led to the tragedy and those that have followed. He begins by recalling his arrival in Stirling and how he and Barbara moved to Dunblane while awaiting the birth of their only child. A few

months later Barbara was diagnosed with cancer and the family had to deal with her terminal illness. After the death of Barbara, father and daughter became an inseparable team until that dreadful day in 1996. North writes about how he and the other families dealt with public sympathy, the anti-handgun campaign, the memorial service, the television programmes, newspaper interviews and the creation of the Dunblane Memorial Garden. He describes how it felt to attend a public inquiry into the murder of his child, criticises the local police force and details the ambivalent attitude of the Dunblane community.
