Brothers of a Vow Ami Pflugrad-Jackisch 2011-11-01 In *Brothers of a Vow*, Ami Pflugrad-Jackisch examines secret fraternal organizations in antebellum Virginia to offer fresh insight into masculinity and the redefinition of social and political roles of white men in the South. Young Virginians who came of age during the antebellum era lived through a time of tremendous economic, cultural, and political upheaval. In a state increasingly pulled between the demands of the growing market and the long-established tradition of unfree labor, Pflugrad-Jackisch argues that groups like the Freemasons, the Independent Order of Odd Fellows, and the Sons of Temperance promoted market-oriented values and created bonds among white men that softened class distinctions. At the same time, these groups sought to stabilize social hierarchies that subordinated blacks and women. Pflugrad-Jackisch examines all aspects of the secret orders--including their bylaws and proceedings, their material culture and regalia, and their participation in a wide array of festivals, parades, and civic celebrations. Regarding gender, she shows how fraternal orders helped reinforce an alternative definition of southern white manhood that emphasized self-discipline, moral character, temperance, and success at work. These groups ultimately established a civic brotherhood among white men that marginalized the role of women in the public sphere and bolstered the respectability of white men regardless of class status. *Brothers of a Vow* is a nuanced look at how dominant groups craft collective identities, and it adds to our understanding of citizenship and political culture during a period of rapid change.

Early Canadian Printing Patricia Fleming 1999-01-01 In addition to verifying as many of Tremaine's original library locations as possible, and

identifying additional copies of the items, the authors of the supplement have added many new entries that have come to light in the last 45 years.

Human Rights at Risk Salvador Santino F. Regilme 2022-06-17 *Human Rights at Risk* brings together social scientists, legal scholars, and humanities scholars to analyze the policy challenges of human rights protection in the twenty-first century. The volume is organized based on three overarching themes that highlight the challenges and risks in international human rights: international institutions and global governance of human rights; thematic blind spots in human rights protection; and the human rights challenges of the United States as a global and domestic actor amidst the contemporary global shifts to authoritarianism and illiberal populism. One of the very few books that offer new perspectives that envision the future of transnational human rights norms and human dignity from a multidisciplinary perspective, *Human Rights at Risk* comprehensively examines the causes and consequences of the challenges faced by international human rights. Scholars, students, and policy practitioners who are interested in the challenges and reform prospects of the international human rights regime, United States foreign policy, and international institutions will find this multidisciplinary volume an invaluable guide to the state of global politics in the twenty-first century.

Journal of the House of Representatives of the United States, Being the First Session of the Fifty-third Congress, Begun and Held at the City of Washington August 7, 1893, in the One Hundred and Eighteenth Year of the Independence of the United States 1893

The Annual Register, Or, A View of the History and Politics of the Year ...

1853 Continuation of the reference work that originated with Robert Dodsley, written and published each year, which records and analyzes the

year's major events, developments and trends in Great Britain and throughout the world. After 1815 the usual form became a number of chapters on Great Britain, paying particular attention to the proceedings of Parliament, followed by chapters covering other countries in turn, no longer limited to Europe. The expansion of the History came at the expense of the sketches, reviews and other essays so that the nineteenth-century publication ceased to have the miscellaneous character of its eighteenth-century forebear, although poems continued to be included until 1862, and a small number of official papers and other important

texts continue to be reproduced.
